

ASSOCIATION OF PROFESSIONAL ARCHAEOLOGISTS

Dear Colleague:

As you are no doubt aware the Ministry of Culture has discontinued issuing an annual list of licensed consultants in the province due to privacy concerns. This list was extremely valuable to developers and others interested in hiring an archaeological consultant.

As a new initiative, the Association of Professional Archaeologists of Ontario (APA) has offered to maintain a list of all consultants on our web page as a public service to the community and we are pleased to announce that the Ministry has supported this proposal. This would make a complete list available to developers, municipalities and anyone else interested in hiring the services of an archaeologist. It would also be a list to which the Ministry could direct calls for information regarding consultant companies in the Province.

We want to make this an inclusive list of all licensed consultants. You do not need to be a member of the APA, nor do you have to become a member to be included on the list. Membership forms are available, however, on our web page.

The list will be an alphabetic list based on the name of the licensed consultant. We plan to include contact information on the list as provided by you. We would like to keep this information brief and to the point. This should not be seen as an advertisement forum.

If you would like your name to be included in the list, please fill out the enclosed form and return it to the address on the form in the next 30 days. The APA would like to post the list on the website within 60 days of this mailing. The web based list will be updated at six month intervals. If you do not want your company information included you may simply check the "NO" box on the enclosed form and we will not continue to contact you for information. We will be listing *only* those who complete and return a signed form.

The APA hopes this service will fill a need for the profession throughout the Province. We look forward to your participation.

Yours truly
