

## Boyd Archaeological Field School 2017: [www.boydfieldschool.org](http://www.boydfieldschool.org)

The **Boyd Archaeological Field School's 2017** session (**our 40th season!**) is an exciting opportunity for **high school students** to earn a **high school credit in two weeks** while getting **real archaeological skills**.

The Field School was founded in 1975, and has provided hundreds of students with the foundations of archaeological practice. Many have gone on to post-secondary studies and careers in the field.

The course, open to students who have completed Grade 10, is offered as an **Interdisciplinary Studies, Grade 12 University Prep credit (IDC4U)**. The program is run by **Toronto and Region Conservation Authority (TRCA)** in a partnership with the **York Region District School Board**.

Students live in dormitories at **Claremont Field Centre**, north of **Ajax**, and excavate the nearby Sebastien site a **14th century village** ancestral to the **Huron-Wendat** nation. In addition to fieldwork, there are visits from **Indigenous speakers**, lectures by **leading professionals**, seminars, and **hands-on** workshops in **ancient technologies** such as **flint-knapping** (stone-tool making), firestarting kits, cordage, fishtraps and other re-creations. Evaluation is based on fieldwork, written assignments, seminars, workshops and a final exam.

This summer's course takes place **July 14th to 30th**

Tuition is **\$2395** (\$2695 for non-residents of Ontario).
